

Important Information about Public Service Loan Forgiveness (PSLF)

March 23, 2022

Hello Public Interest Attorney.

We have had several NC LEAF Recipients reach out to let us know that their law school loans were forgiven because of a **temporary period** the U.S. Department of Education announced that borrowers may receive credit for payments that previously did not qualify for PSLF.

We want to make sure that all public interest attorneys with student loans are aware of this waiver and investigate whether or not they qualify. **The waiver is temporary, so please research ASAP!**

Waiver Information is available [HERE](#).

General PSLF program information is available [HERE](#).

The American Bar Association also has excellent information about student loan debt [HERE](#).

We hope this information is helpful and that many of you will be able to take advantage of this avenue to debt relief.

All the best,

Katherine Asaro
Executive Director
